Mr Beveridge was appoint-

a teacher on Rs 80 per

drawing for the students
of the Police Training

each time by the Accn

november 1898, when
he was served with

duration of each clasp was fixed, his services were required only during the time the clasps existed, that he (J. Ryl) therefore could not see his way to comply with his request. The above interpretation, it may be seen, is not in accordance with the Govt order ~~cited~~ under which Mr Beveridge was appointed. Again at the end of November 1900

1900, when the Police school was closed to be reopened on the 15th March 1901, Mr. Beveridge was informed by the I. G. P., that his tenure of appointment would be subject to the orders of Govt. The I. G. P. is now states that the matter has become further complicated and that he therefore awaits the orders of Govt.

Now, it may be seen that the following

Please see last para of the I. G's letter No. 1962-224 of 5-12-1900. herewith subd.

points require consideration :—

1. Should Mr Beveridge be kept on permanently on Rs 80 per mensem finding work for him as suggested by the I. G. P. either in the Police deptt (to which he is said to be unfit) or other office under Govt, during the time when his services will not be required as a teacher in the Police School ?

(The term in the Police school is ~~ft~~ is said to be indefinite as it lasts for 3 months, 6 months

8 months as in this year & so on).

2. Should his tenure of appointment be a temporary one as long as the Class lasts, on any allowance as might be agreed upon?

3. Should his pay remaining unpaid from Dece 1898 to April 1899, & leaving out the intermediate period during which he was under the Municipality, should be disbursed to him in addition to his pay from Dece 1900 to March 15th next

when the clasp will
again be opened?

It may further
be noted that the
I. G. L. has not ~~before~~

W. B. Beveridge was appointed acting Surveying & Drawing in the Police School, Bangalore, in Dec. 93, and the question for orders is whether the appointment shd. be considered temporary or permanent. If in the former case whether his engagement should be for only 3 months or for the whole term of 8 months in the year.

Among the proposals

sub^d by the J. P^s
(now number of Council)
in May/93 was one
to engage a Teacher to
train the Students in
the Police School in
Swimming & Drowning
and it was expressly
stated that it would
be a three months'
course. A marginal
note made on Sept^r 90.
13 clearly shows that
only
pay for 3 months was
taken into account.

Sanction was conveyed
to the proposals made
by the J. P^s" but in
terms of the order which

Order of 16th June/93

authorized the
Comptr. to place a
certain sum at the
disposal of the S. of
State, the party to
be searched in question
was unfortunately
not provided for.
This led to the question
being again raised,
& sanction was applied
for to entertain a com-
-plaint now. After
some preliminary
correspondence the
S. of State was informed in
Dec. /93 that the
Surveyor ++ as keeper
was included in the

Serd No. 14

Serd. No. 31

sanction conveyed in
the order of 16th June
'93 (above refd. to) &
that the appt. of Mr.
Beveridge & the post on Rs 80/- per mensem
was appd. This last
order was unfortunately
not communicated
to the Compt. So far
it is clear that the
appt. was intended to
be only for a course of
3 months.
The establishment schedules
furnished to the Compt.
by the D. G. from year to
year appear to have given
rise to the misconception
that Mr. Beveridge's

appt. was a permanent one and the latter was shown in the list of Supernumeraries for 1st July 95 subt. to pr. by the Comptr. On receiving the usual report from the D. G. the Govt. sanctioned the retention of W. B for one year more. When his order was communicated to W. B he pointed out that the date of his birth had been incorrectly entered in the Establishment Schedule & on the recommendation of the D. G. the age was

Thus treating his service as if it was pensionable.

ordered to be cancelled in
the order of 19th Jan: 97.
W. B. was thus treated
like any other permanent
official.

During the plague
season of 1896 however,
the Chief was not held to
B. was served with a
notice by the G. S. informing
him that his services were
not required & that he was
free to seek employment
elsewhere. He obtained
an appt. under the City
Municipality and offered
to join the Police School
when it was reopened, after
having been closed for 4

months (Dec-/98 to
GOVERNMENT OF MYSORE March/99). He
appeal was informed
that he could not
hold the two appts.
conjointly, when he
preferred to re-join
the School after re-
-signing his Hindi
appt. which he desire-
-d as being also temporary.
(letter of the 14th March/99
It is thus clear that
W-D did not himself
regard his appt. in the
School as other than
temporary. In August
/99 he begged to be given
his pay for the 4 months

refd. to and was refused.
He apparently said
nothing more -
The S. Gt now reports
that W- B. has been
taking this grain chaff.
for about 3 hours during
the term of 8 months
(from 1st Apl to 30th
Nov-) but has nothing
to do in the interval between
the terms & is not
capable of being put on
any other work in the
Police dept. The School
will not be re-opened till 15th
March next and the
S. Gt has informed W- B.
that his tenure of the
appt- will be subject

the others of pro-
tem. The G. G. suggests
that if Mr. B is regarded
as a permanent Govt.
servant he will have to
be given some work either
in the Police Dept. or
any other Govt. office for
the off-season. The G.
G. has already reported
that Mr. B is not fit
for any other Police work
and Govt. may also find
it difficult to find
occupation for him.
The best course seems
for to declare the
temporary nature of
his appt. in the Police
School and leave him

free to rejoin when the
School opens again as
was done on the last
occasion of. G. H
would however go hard
with him if he fails
to secure some other
temporary employment
during the interval.

Offg Govt to dispose
of this question himself.
I do not wish to be

request. All that I need
say is that the view I
take of the matter does
not involve any controversy

SIR,

With reference to your docket No. 6872 of 84a905 of the 14th instant, I have the honor to state that in the Schedules of my office Establishment, forwarded to the Comptroller of Mysore for the years 1894, 1895 and 1896, the date of birth of Mr. Beveridge was entered as 1839, according to which his age on the 1st July 1896 should be 57 years.

It is not possible to say at this distance of time who furnished the information as to the date of birth of Mr. Beveridge as 1839. It is only when his retention in service for a year more was communicated to him, that he represented that his age was 49 he having been born in 1847. Under these circumstances, the Comptroller may be asked to correct the age of Mr. Beveridge from 57 to 49 as requested in my letter No. 311/34 of the 23rd July 1896.

OFFICE OF THE

INSPECTOR GENERAL OF POLICE IN MYSORE.

No. 1962/221 Dated ....5....December 1900

Enc. one file

From

THE INSPECTOR GENERAL OF POLICE IN MYSORE.

To

THE SECRETARY TO THE GOVT. OF MYSORE,
GENERAL AND REVENUE DEPARTMENTS.

Sir,

With reference to the appointment of the teacher in Surveying of the Central Police Training School, Bangalore, I have the honor to report that in this office no $\frac{3150}{349}$ dated 26th April 1893, (x) the then Inspector General of Police wrote "it was my intention to have given the young men who will be our future "Inspectors, a training in the art of free-hand and Geometrical Drawing which is one of the subjects prescribed by the Civil Service Commissioners for the examination of candidates — Competing for the Indian Police Service. But

the

the idea had to be given up as, from enquiry, I learnt that at least 6 months would be — required to teach the elementary portion of the subject; and a full term of 2 years for anything like a good instruction". ———————

Again in letter no 3561/419 dated 31st May 1893, it was mentioned that " the Surveying and Drawing course would consist of Surveying — with chain and prismatic compass and plotting, and of drawing ground plan, elevation and section of ordinary buildings. It will be a three months' course for students with an elementary knowledge of geometry. The Chief Engineer may, it is hoped, be able to lend a Competent officer for the duties of Instructor on a monthly pay of, say Rs 60/- to 80/- The hours of study will be from 8 to 10 A.M (Field Work) and 2 to 5 P.M (Plotting), the time from 7 to 8 A.M being given to the Drill.

A sum of Rs 200/- was also asked for, for the purchase of instruments. The Government sanctioned the proposal in Proceedings Camp no 372-3 dated 16th June 1893. But as the appointment of the Surveing and Drawing Teacher was not specially mentioned in the Proceedings as sanctioned, a reference was made in this office no: 26/3 dated 4th July 1893. After some correspondence as to whether the pay should be Rs 60/- or 80/- and whether a pensioner of the Survey Department cannot be had on more favourable terms, it was proposed in this office letter no 1901/200 dated 4th December 1893 to appoint Mr Beveridge on Rs 80/- per month. His appointment after report by this office that he is a Eurasian, was sanctioned by Government in Proceedings: no: 9835-J. F-53-92 dated 21st December 1893.

2. From the above, it is not clear whether
GOVERNMENT OF MYSORE
the order of Government contemplated the appointment of the Surveying and Drawing-teacher only for 3 months or the whole of each term or permanently. But from Government Proceedings and connected papers noted in the margin, it would appear that he was entertained as a permanent official and his pay bills were separately audited by the Comptroller every month without any objection.

Nos 1, 2, 3, in the reference list herewith sent.

3. During the plague season of 1898, however, the class was not held and Mr Beveridge was served with a notice informing him that owing to plague, the Police Training School was temporarily closed, that his services were not required and that he

was

was free to seek employment elsewhere. He was not paid his salary for 4 months from December 1898, to March 1899, when the school was again opened. He applied for some gratuity and also obtained an appointment under the City Municipality. But when the Police Training School was reopened and he offered to rejoin the School, he was informed that he could not hold the two appointments conjointly, but he wished to return to the appointment in the Police Training School in preference to the one under the Municipality which was also temporary. In August 1899 he begged to be given his pay for the period during which the school had been closed but this was refused (vide Endorsement dated 3rd November 1899)

4. The question has thus become — rather

rather complicated. It is a pity that it was not properly considered in the commencement and submitted for the definite orders of Government. Mr Beveridge has been taking this year's class for about 3 hours during the term of 8 months (from 1st April to 30th November) but has nothing to do in the interval between the terms and is not capable of being put on any work in the Police Department as in the case of the School Inspector. His services are thus required only for a season and it would have been well if his engagement had been made a temporary one lasting in each year for the period of training of the students in Surveying etc on such

allowance as might have been agreed upon or if he should be considered as engaged as a permanent servant of the Government some work should be found for him either in the Police Department or other office under Government for the off-season.

5. I beg accordingly to submit the question for the early orders of Government. The School has been closed for this season and will not be opened till 15th March next — and Mr Beveridge has been informed that his tenure of the appointment will be subject to the orders of Government.

I have also put up some references with a list and request that they may be returned when done with

I have the honor to be,
Sir,
Your most obedient servant,

A Ranyard
Inspector General of Police.
